GLEICHEN, ALBERTA, WEDNESDAY

I.W.W. AT WORK IN GLEICHEN

That the I.W.W. is at work in the Gleichen district is
a fact beyond dispute, and that against our farmers.

The I.W.W. is advocating that all the harvesters now
organize and demand our farmers pay them \$6 a day.

The other day the Call man picked up on our main
street a four-page leaflet on which appeared in the first
line "Printed in the U.S.A.", and titled: "Harvest Work-
ers—Mind Your Own Business"

After a lengthy tyred against the farmer it winds up
by inviting all harvesters to join the I.W.W. in this way:

"We can get the cost of the initiation fee and a
month's dues, two dollars and a half, every day we
work at the higher wage of six dollars a day, which
we can achieve through organization."

Another paragraph reads:

"Visit the branch of the I.W.W. in Winnipeg, Moose
Jaw, Saskatoon, Edmonton or Calgary. Ask any worker
for the address; he will know. Our delegates will be in all
the harvest centres, our traveling delegates will co-operate
with you out of their experiences. Line up with the
branches or delegates in the harvest centers, or with the
delegate working with you on the job. Write for infor-
mation, which will be cheerfully furnished, to J. A. Mc-
Donald, General Organization Committee Member for
Canada, 232 Ninth Avenue, East Calgary, Alberta."

It concludes with the following under the heading,
"Preamble of the Industrial Workers of the World".

"The working class and the employing class have
nothing in common. There can be no peace so long as
hunger and want are found among the millions of work-
ing people and the few, who make up the employing class,
have all the good things in life.

"Between these classes a struggle must go on until
the workers of the world organize as a class, take posses-
sion of the earth and the machinery of production, and
abolish the wage system.

"We find that the centering of the management of
industries into fewer and fewer hands makes the trade
unions unable to cope with the ever growing power of the
employing class. The trade unions foster a state of
affairs which allows one set of workers to be pitted
against another set of workers in the same industry,
thereby helping defeat one another in wage wars. More-
over, the trade unions aid the employing class to mislead
the workers into the belief that the working class have
interests in common with their employers.

"These conditions can be changed and the interest of
the working class upheld only by an organization formed
in such a way that all its members in any one industry, or
in all industries if necessary, cease work whenever a
strike or lockout is on in any department thereof, thus
making an injury to one an injury to all.

"Instead of the conservative motto, "A fair day's
wage for a fair day's work," we must inscribe on our
banner the revolutionary watchword 'abolition of the
wage system.'"

"It is the historic mission of the working class to do
away with capitalism. The army of production must be
organized, not only for the every day struggle with cap-
italism, but also to carry on production when capitalism
shall have been overthrown. By organizing industrially
we are forming the structure of the new society within
the shell of old."

Many a man plods along a mediocre path until far
along in life and some times to the end because he has not
been awakened to know his real strength. Many a town
suffers from the same cause. Gleichen is a town of won-
derful potential strength if that strength can be fully
aroused by united effort. Let's see what really is in Gle-
ichen by pulling for a bigger town.

We hear a lot said about home pride, community
spirit, and loyalty to the town in which we live. One of
the finest ways to stimulate this patriotic principle is to
save and invest your dollars in the vicinity where they
can not only be watched, but where they will return to you
in the form of profits, dividends of good will and of self
respect, reciprocity in dealing, and increase of the "buy-
ing power" per capita of the local citizens, and of the com-
munity's wealth to its neighboring areas and wealth units.

The straight and narrow path is wide enough to ac-
comodate all who travel it and there is an assurance that
there will be no crowding or no roadhogs.

AUSTRALIAN PICTURE
COMING TO
GLEICHEN

Saturday, August, 29th

From New Zealand to Canada via
Australia, South Africa, the United
Kingdom and Ireland is a long trek
but nevertheless the artists connected
with an Australian motion picture
depicting the life story of John Lee
known the world over as "The Man
They Could Not Hang", have recently
completed a journey of no less than
25,000 miles of water to say nothing
of thousands by land. The presenta-
tion will take place at the Community
Hall Saturday, Sept. 22nd, afternoon
and evening.

The company that presents this
remarkable attraction here is exactly
the same as at the Grand Opera House
and Tivoli Theatres, Toronto, and in-
cludes the well-known English actor,
W. Leonard Howe, who relates the
salient features of the case and Miss
Doreen Thompson, a British Prima
Donna, who sings the music allotted to
Mrs. Lee, mother of John Lee, in the
special prologue and elsewhere.
Special high class vaudeville and
other attractions complete an unusu-
al fine program.

THE STORY
John Lee, at the age of 28, whilst
in the employ of Miss Emma Keyes,
at one time maid-of-honor to the late
Queen Victoria, was accused and
found guilty on circumstantial evi-
dence of murdering his mistress. He
was sentenced to death in 1884. Three
times they tried to hang him and
three times they failed. His sentence
was then commuted to penal servitude
for life. On the expiration of 23
years of prison life he was released.

A visualisation on the screen of
one of the most miraculous escapes
from death upon the gallows ever
known in the history of the universe.

Construction of the half million
dollar storage and power dam on the
Muskeg River, authorized at its last
session by the Ontario Legislature,
has been commenced. The proposed
work is designed to control the flow
from the Muskoka Lakes basin and
will enable the linking up of power
development in that district with the
Eugenia-Severn system.

Passenger traffic over Western
Lines of the Canadian Pacific Rail-
way to date this summer has been
particularly heavy, and a large num-
ber of special trains and special cars
being operated for British, Cana-
dian and American tourists. Lake
side and summer tourist travel to
the annual exhibition at Saskatoon
and other Western points required
the operation of special trains.

Construction of one of the largest
and most modern departmental stores
at Winnipeg, Man., by the Hudson's
Bay Company will be proceeded with
immediately, according to an an-
nouncement by Mayor Webb of that
city. A start upon the company's
building programme here was as-
sured, stated Mayor Webb, with the
passing of a by-law by the City
Council providing for a memorial
boulevard flanking the Hudson's
Bay property.

During the first half of August
two important Ontario railway towns
celebrated their Old Home Week and
held pageants illustrative of their
local histories and industrial activi-
ties. These were North Bay and
Smith Falls, both of which held
C.P.R. Days and were the meeting
points for thousands of railroad men,
who assisted in the pioneering work
of the districts. The Old Home Week
at North Bay marked the gradua-
tion of that town to full-fledged
cityhood.

The funeral in Montreal recently
of the late G. M. Bosworth, chair-
man Canadian Pacific Steamships,
was attended by E. W. Beatty, chair-
man and president of the Canadian
Pacific Railway, and nearly all the
directors and executive officers of
the company. An impressive and
dignified procession followed the
ceremony, a cortage being formed by
the Company's police and officers
and men from the crews of Cana-
dian Pacific steamships.

A party of thirty prominent
American society people, scientists
and artists succeeded recently in
blazing a new passage along the
Wolverine pass across the northern
Canadian Pacific Rockies with the
Trail Riders of the Canadian Rockies.
The Riders this year have many fa-
mous men among them and six sepa-
rate countries are represented. Twen-
ty of the members wear gold and
enamel buttons, showing that they
have ridden 2,500 miles along the
mountain trails.

Mixed Farming Pays—and Pays Well

EAST or West, it has been proved that mixed farming is the most profitable and self-sustaining type of agriculture. Both of a bad season on the farm and in the city, mixed farming is the only way to get ahead. Mixed farming will give the farmer the best return for his investment.

T. H. BEACH

THAT'S—?

Longfellow could take a worthless piece of paper and write a poem on it and make it worth \$5,000,000.

—THAT'S GENIUS

Some men can write a few words on a piece of paper and make it worth a million dollars.

—THAT'S CAPITAL

The Government can take in \$100,000,000 a year and make it worth twenty dollars.

—THAT'S MONEY

A man can take material worth \$5.00 and make it into wash springs worth one thousand dollars.

—THAT'S SKILL

A woman can purchase a hat for \$5 but preserve paying \$150.

—THAT'S FOOLISHNESS

You can get a good sack of tobacco for 10 cents.

—THAT'S BULL

The author of this could write a check for \$5,000,000, but it wouldn't be worth a cent.

—THAT'S TOUGH

There are other companies offering capital service and quality.

—THAT'S SERVICE

Place your order with us for cash.

Resides at Gleichen, Alberta. Office phone 3. Residence phone 3.

Last week Fred Telford with five other men arrived from Vancouver on motor cycles to obtain employment during the harvest season.

F. E. Polak did a good Christian act when he pulled the weeds along the church fence last week.

COMING EVENTS

Am. under, Coming Events 25c, see much list, those otherwise advertised in the Call.

Aug. 29—The Man They Could Not Hang—at the Gleichen Community Hall.

Aug. 31—22nd Battery Inspection, Breakfast and Dinner.

Aug. 31—Gleichen Public School Open for the new term.

Sept. 14—Gleichen 22nd Annual School Fair.

Every Monday—R. D. Power, the Boy Specialist at the Queen's Hotel.

TOWN AND DISTRICT

The Gleichen Public School opens next Monday, August 31st, for the new term.

There is no truth in the story that child got lost in the field of wheat east of the Call office.

Percy MacLean, town secretary, returned last week from spending a couple of weeks vacation at Banff.

The picking up of the stones on the street has materially improved appearance and cut down the costs of auto drivers.

Everyone should attend the 22nd Battery inspection at 8 p. m. next Monday, August 31st. Encourage the boys by your presence.

Mrs. Seave, who has been visiting her daughter, Mrs. Menard for the past couple of months, left Monday morning for her home in Crookston, N. D.

Of course, there are still some good folks who kick about their neighbors harvesting on Sunday—forgetting that next winter every day will be Sunday for the farmers.

Albertain Brown deserves credit for the work he is having done in improving our streets and walks. Give him a little more capital he would soon have the town looking fine.

W. Collins is down from Calgary spending his annual vacation here. "Fuddy" as he is best known to his friends, never fails to visit Gleichen when the opportunity occurs and all like to meet him.

Some excellent improvements are being made to the Gleichen public school that are greatly needed. Besides painting, decorating, kaleidoscope, etc., new cinder walks have been constructed and the water and sewerage systems installed.

One of the largest shipments of dry goods that has arrived in Gleichen for some years came in last week, for the Mercantile Ltd., and has been ordered up for display. It looks good and the public can judge what this store is doing when shipments like this arrive.

Mr. C. Hansen, who formerly farmed in the Standard district, and who had been expected to better his position across the line, has arrived back with Mrs. Hansen and family. This time he will not kick about, he did not know what a country he had left it.

D. H. Crapo of Cluny and Mrs. Crapo have just returned from a motor trip to the States. D. H. was badly cut on his arm and felt blue, he took the trip thinking he could be helped to move across the line, but he is back in Alberta to stay, and thinks this country cannot be beaten in any respect.

Mr. W. H. Robertson, formerly of Quamquam, but now residing in Callinburg, B.C., passed through Gleichen Tuesday accompanied by his three sons. He is traveling to his farm at Quamquam. William struck the big snow storm while coming through the mountains and had a serious time for a while ploughing through the snow, but came out all right.
